

QUANTUM
TATTOO INK

CERTIFICATE OF COMPLIANCE

We hereby declare all Quantum Tattoo Ink and Quantum Cosmetic Ink within the Quatum Gold and Platinum collection are tested and approved by qualified third party laboratorium TUV INDIA PRIVATE LIMITED, TUV NORD GROUP according to the REACH regulations 2022.

AS per Article 33 (1) of the REACH regulation (EC1907/2006) recipients of products must be provided with the information of safe use if any of the tested substances (SVHC) exceeded 0,1% (w/w) (i.e. 1000 mg/kg). Quantum Tattoo Ink declares with this document that all substances (SVHC) used for production are tested and will all be tested for the future production.

For more detailed information about the substances used and it's quantities please refer to the website www.quantumtattooink.com. On our website the MSDS sheets of all pigments are available.
